

INTERACTIVE VIDEO WALKTHROUGH

THE MARYLEBONE CLINIC

Handoff guide — Medical Clinic & Cosmetic Clinic

TK PRODUCTIONS · TORONTO

OCTOBER 2026

YOUR WALKTHROUGH

The walkthrough lets visitors tour both clinics on video, jump straight to any room, open panoramic "look around" views, and browse a photo gallery, with calm background music. It works on desktop, tablet and phone.

> **Live link**
> https://tejasmkh.github.io/marylebone-walkthrough/

ADD IT TO YOUR WEBSITE

Paste this code into any page of your website (in WordPress, Squarespace, Wix or Shopify, use an "Embed", "Code" or "Custom HTML" block):

```
<iframe src="https://tejasmkh.github.io/marylebone-walkthrough/" style="width:100%; height:820px; border:0;" allowfullscreen></iframe>
```

LINK STRAIGHT TO A TOUR, A ROOM OR THE GALLERY

ADD TO THE END OF THE LINK	OPENS
`#medical`	Medical Clinic tour
`#cosmetic`	Cosmetic Clinic tour
`#gallery`	Photo gallery
`#medical-4`	A specific room: tour name, then the room number (here, Medical Clinic · 04 Waiting Lounge)

For example, a "See our physiotherapy space" button could link to `…/marylebone-walkthrough/#medical-9`.

HOW VISITORS USE IT

- **Tabs** at the top switch between the Medical Clinic, the Cosmetic Clinic and the Gallery.
- **Room list** beside the video (below it on phones): select a room to jump there. The timeline under the video marks every room.
- **Look around**: rooms with panoramic views show a "Look around this room" button. Visitors can drag to look around and zoom in.
- **Music** starts softly after the visitor's first click, as browsers require. The Music button at the top right turns it off, and the page remembers that choice.
- Keyboard: ← → for the previous / next room, space bar to play or pause.

WHAT'S IN THIS FOLDER

FOLDER	CONTENTS
01 Website	The complete walkthrough website, ready to upload to your own web hosting (see next page).
02 Videos	Both walkthrough films as standalone MP4 files (1080p) for social media, YouTube, presentations or a TV in the waiting room. Medical Clinic — 4:00 · Cosmetic Clinic — 2:45
03 Panoramic Photos	15 high-resolution panoramic photos, named by clinic and room.
04 Music	The background music track (2:36), composed for this project and cleared for use on your website and social channels.

ROOMS AND CHAPTER TIMES

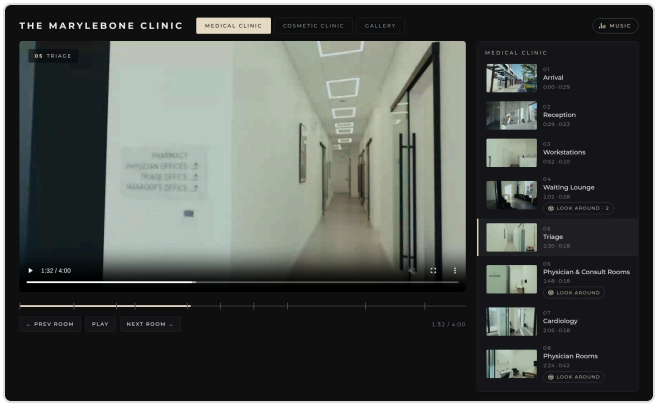

Useful as YouTube chapters if you post the films there.

MEDICAL CLINIC

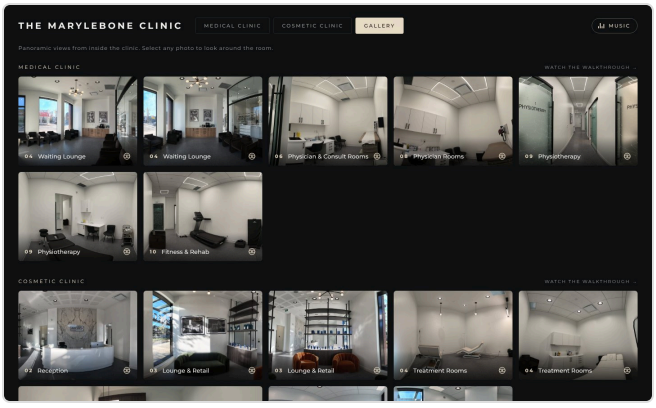

01	Arrival	0:00
02	Reception	0:29
03	Workstations	0:52
04	Waiting Lounge	1:02
05	Triage	1:30
06	Physician & Consult Rooms	1:48
07	Cardiology	2:06
08	Physician Rooms	2:24
09	Physiotherapy	3:06
10	Fitness & Rehab	3:38

COSMETIC CLINIC

01	Arrival	0:00
02	Reception	0:30
03	Lounge & Retail	0:36
04	Treatment Rooms	1:08
05	Laser & Device Suites	2:11

HOSTING IT YOURSELF

The live link above is hosted by TK Productions for now. When you'd rather host the walkthrough on your own website, hand the **01 Website** folder to your web developer or hosting company:

- Upload **everything inside 01 Website** to a folder on your site, for example `yourclinic.com/tour/`. Keep the folders exactly as they are: `video`, `panos`, `thumbs` and `audio` must stay next to `index.html`.
- Change the embed code to point to the new address, for example `src="https://yourclinic.com/tour/"`.
- Let us know once it's live on your site so we can retire the temporary link.

> Double-clicking `index.html` on a computer gives a quick preview, but the 360° "look around" view only works once the files are on a website, because browsers block it for local files.

TECHNICAL DETAILS

- Total size about 160 MB. A single page with no database, server code or plug-ins, so it runs on any web host.
- Videos: H.264 MP4, 1920×1080, about 2.6 Mbps, set to start streaming immediately.
- Panoramas: JPEG, up to 4096 px. The viewer is Pannellum (open source, MIT licence), loaded from the cdnjs network.
- Supported browsers: current Chrome, Safari, Edge and Firefox on desktop, iPhone, iPad and Android.

QUESTIONS OR CHANGES

For edits (new rooms, updated photos, branding, a booking button) or help installing, contact **Tejas Khanna · TK Productions** · tejasmkh@gmail.com
